Spring 2016

Spring!!!!

“Spring has sprung, the birds have sung”; but does Mother Nature understand this phrase? It has been one of those winters, when you really need to step outside before you get dressed to figure out your wardrobe for the day, or for those wicked stormy days, just stay in your pj’s.

We have lost a number of residents this past year, either due to illness or adventures to new places. We wish everyone well and will say a special prayer for those we have lost.

We would like to welcome the following new residents to our community:

- Athrma Koukoulomatis - #15 - 9th Avenue
- Fiona Staples - #1 - 3rd West
- Vincenzo Pitaro - #22 - 4th West
- Jackie Willson - #15 - 3rd West
- Andrew John Andrzejewski - #4 - 5th West
- Thomas Williams - 25 Main Street
- James William Topping and Erasma
- Pedayo - #5 - 9th Avenue

Update on Recent Peel Living Activities Regarding Twin Pines

Your Board of Directors continue to meet on a regular basis with Peel Living with regard to the proposed redevelopment of our Park. As you are now aware from the letter Peel Living sent around in February, planningAlliance is no longer working on the project and an invitation for proposal has been given to two firms, KPMG LLP and Ernst & Young LLP to continue with the planning process. It is thought that a choice between these two firms will be made at the Peel Living Board meeting in June. This change of firms has, of course,

also changed the timelines given to us previously. The community planning meetings, which were to take place over the past winter, will now likely take place this fall. Once the new company has been hired and settled in, Peel Living will be issuing a new schedule.

On another note, Lincoln Bryant, who has been the liaison for Twin Pines with regard to residents’ financial matters, will be moving to another position with the Region of Peel in approximately four weeks. His successor has not yet been chosen. We will be sorry to see him leave and wish him the best of luck!

For those of you with computers, take a look at our website from time to time, www.twinpinespark.ca as we will also be posting any new developments there under the heading “About Us”.

MmmMmm what a delightful aroma coming from the hobby room. What is it? George Graves and Robert Babuik are cooking bacon, sausages and pancakes. The Sub-Committee, past Sub-Committee Members and the Board Members are waiting to serve breakfast to all who come. If you missed it, what a shame. It was a very tasty breakfast. The pancake breakfast is a sure sign of spring, but Mother Nature surprised us with an ice storm. All the ice is melted now and we are looking back on April 22nd, which was Earth Day. A gang of us cleaned up the back field, making it a pleasant place to walk pets and children alike. Everyone was welcomed to lend a hand, not only in the field but all through the park, as we do like things tidy and well kept. Just spring cleaning outdoors. This also brings out the squirrels. They make me insane with their stealing bulbs and flowers and planting them willy nilly all over. It is sad we are not able to do as Bob Barker and Drew Carrie say “Help control the pet “Pest” population, get your pets spayed or neutered” and then they could not destroy all the work we put in to make everything look great for the summer. Well enough of my grossing, back to enjoying the spring and summer with walks around the park and visits with all we meet.

Until next time, May.

Peel Living has hired two students to assist seniors residing in Twin Pines for help and assistance in their yard cleanup, etc. This will be available in May, 2016.

POEM OF THE MONTH

Richard's Garden

Watering the garden and cultivating soil;
Taking tender care so his floral array won't spoil.

This is the place where you'll find Rick Ball;
Throughout the year from spring through to fall.

For those of us without green thumbs,
gardening may not be in fashion;
But Rick pursues this outdoor interest with
vigour, enthusiasm and passion.
This floral hobby gives Richard calmness,
peace and tranquillity;
For gardening to him is a pure and natural
ability.

He grows and nurtures many flora, but not to
impress;
For Rick this hobby relieves all of his troubles
and stress.
It gives him great pride and lots of
satisfaction;
To Richard this gardening interest is a vital
attraction.

So if you're strolling outdoors on a bright
sunny day;
And happen upon an exquisite flora display.
You may hear Rick say “I beg your pardon!
Did you know that you're standing in my
favourite garden!”.
