

.....Keeping in Touch

Spring 2022

Hush, can you hear it?
The rustling in the grass,
Bringing you the welcome news that
Winter's day is past.
Soft, can you feel it?
The warm caressing breeze,
Telling you the sticky buds
Are bursting on the trees.
Look, can you see them?
The primrose in the lane.
Now you must believe it -
Spring is here again.

Things to Ponder

Are you, or do you know, someone? If so, here are some interesting Facts For You

- ◆ You are the smallest group of children born since the early 1900's.
- ◆ You are the last generation, climbing out of the depression, who can remember the winds of war and the impact of a world at war which rattled the structure of our daily lives for years.
- ◆ You are the last to remember ration books for everything from gas to sugar to shoes to stoves.
- ◆ You saved tin foil and poured fried meat fat into tin cans.
- ◆ You saw cars up on blocks because tires weren't available.
- ◆ You can remember milk being delivered to your house early in the morning and placed in the "milk box" on the porch.
- ◆ You saw the 'boys' home from the war, build their little houses.
- ◆ You are the last generation who spent childhood without television; instead, you "imagined" what you heard on the radio.
- ◆ With no TV until the 1950's, you spent your childhood "playing outside." There was no Little League.
- ◆ There was no city playground for kids.
- ◆ Your parents were glad you played by yourselves until the street lights came on.
- ◆ On Saturday mornings and afternoons, the movies gave you newsreels sandwiched in between westerns and cartoons.
- ◆ Telephones were one to a house, often shared (party lines), and hung on the

wall in the kitchen (no cares about privacy).

- ◆ Computers were called calculators; they were hand cranked.
- ◆ Typewriters were driven by pounding fingers, throwing the carriage and changing the ribbon.
- ◆ 'INTERNET' and 'GOOGLE' were words which did not exist.
- ◆ Newspapers and magazines were written for adults and the news was broadcast on your radio in the evening.
- ◆ Polio was still a crippler.
- ◆ You came of age in the 50's and 60's.
- ◆ You are the last generation to experience an interlude when there were no threats to our homeland.
- ◆ The second world war was over and the cold war, terrorism, global warming, and perpetual economic insecurity had yet to haunt life with unease.
- ◆ Only your generation can remember both a time of great war, and a time when our world was secure and full of bright promise and plenty.
- ◆ You grew up at the best possible time, a time when the world was getting better...

You are "The Last Ones."

Amen! It's great being part of the 1% Special Group

West Jet's flight attendants are famous for trying to make the in-flight safety lecture and announcements more entertaining. Some recent examples:

On landing, an attendant said, "Please be sure to take all of your belongings with you. If you're going to leave anything, make sure it's something we'd like to have".

There may be 50 ways to leave your lover, but there are only 4 ways out of this airplane.

And

In the event of a sudden loss of cabin pressure, masks will descend from the ceiling. Stop screaming, grab the mask, and pull it over your face. If you're traveling with a small child, secure your mask before assisting with theirs. If you're traveling with more than one child, pick your favourite.
