

# .....Keeping in Touch

January 2017

*Happy New Year!*

Your Board of Directors and Sub Committee would like to wish each and everyone Good Health and Happiness in 2017!

## *Auld Lang Syne*

We sing this every New Year's Eve to say good bye to the old year and welcome the new one, but what does it mean? Our Scots friends would know, of course, but how about you?.... It actually translates to 'Old Long Since' or, more loosely, 'Days Gone By'.

When Robbie Burns penned this poem in 1788, we might have had some trouble understanding the words. To give you an idea, here are the original words with the English translation in brackets:

Should auld (old) acquaintance be forgot  
and never brought to mind?  
Should auld (old) acquaintance be forgot  
and auld (old) lang syne?

### CHORUS

For auld land syne, my jo, (dear)  
For auld lang syne,  
We'll tak' (take) a cup o' kindness yet,  
For auld land syne.

And surely we'll be your pintstoup!  
(And surely you'll buy your pint cup)  
and surely I'll be (buy) mine!  
And we'll tak' a cup o' kindness yet,  
for auld lang syne.

### CHORUS

We twa hae run about the braes  
(We two have run about the slopes)  
and ou'd the gowans fine;  
(and picked the daisies fine;)  
But we've wander'd mony a wear fit,  
(But we've wandered many a weary foot)  
sin' auld lang syne  
(since auld lang syne)

We twa ha paidl'd in the burn,  
(We two have paddled in the stream)  
frae morning sun till dine;  
(from morning sun till dine)  
But seas between us braid hae roar'd  
(But seas between us broad have roared)  
sin' auld lang syne  
(since auld lang syne)

And there's a hand, by trusty fiere!  
(And there's a hand my trusty friend!)  
And gie's a hand o' thine!  
(And give me a hand o' thine!)  
And we'll tak' a right gude-willie waught  
(And we'll take a right goodwill draught)  
for auld lang syne.

So now if you keep practising, you can amaze your friends next year and sing the words as they were originally written!

### *Notes from May.....*

Happy New Year everyone:

As I sit here thinking about all the problems in the world. I would like to think our little community is very blessed to have each other. We will have our ups and downs but we will always know someone in the Park has our back.

Here are a few helpful hints that I picked up off the internet.

As many of you know I am very upset by mice, squirrels and ants. What a wimp ( you think?) Do not use chemicals to kill ants. Fill a spray bottle with water and salt (25% salt ) Spray ants and hills and boom they are gone! This also works on weeds in driveways and where unwanted weeds want to grow.

Run cold water over bacon before cooking and it will reduce shrinkage by 50%

If you wish to have a pretty flower at the bottom of

your punch bowl, cut off the bottom of a 2 litre pop bottle, fill with water and freeze. Very pretty.

This is a tried and true way to ease coughs and sore throats. Heat ½ cup Ginger Ale in a Microwave until hot, add honey and lemon to the ginger ale (to taste) and sip slowly.

This came from Donna Harries' Grandmother. Old folks knew so much about home remedies.

### **DUST IF YOU MUST**

Dust if you must, but wouldn't be better  
To paint a picture or write a letter  
Bake a cake or plant a seed,  
Ponder the difference between want and need?

Dust if you must, but there is not much time  
With rivers to swim and mountains to climb  
Music to hear and books to read  
Friends to cherish and life to lead.

Dust if you must, but the world's out there  
With the sun in your eyes, the wind in your hair  
A flutter of snow, a shower of rain  
This day will not come around again.

Dust if you must, but bear in mind  
Old age will come and it is not kind.  
And when you go-and go you must  
You, Yourself, will make more dust.

Just something to think about during the long cold days of winter.

See you all in the spring.

Until next time ..... May Stewart

## Quantas' Gripe Sheets

After every flight, pilots fill out a form called a gripe sheet, which tells the mechanics problems they encountered which need repair or correction. The mechanics read, correct and respond as to what action was taken. Never let it be said that ground crews lack a sense of humour. Here are some actual logged complaints and solutions. By the way, Quantas is the only major airline that has never had an accident.

(P = problem) S= (solution and action taken)
